| Green campus with adequate infrastructure facilities with spacious and well equipped laboratories, International Relation Centre for foreign languages, Innovation center. Authorized Apple Center is existed. The academic flexibility is followed and is in line with the university guidelines. The institute ensures effective curriculum delivery through a wellplanned and documented process. For enhancing learning experiences, student-centric methods are used. Soft skills and employability skills programs conducted for students. Feedback system exists, however need to be strenghtened. Faculty shall write research proposals for funding. Participation in sports and cultural activities is good. The International Relation Cell is activated in the institute in which the Dean IRC takes care of employment of students & higher studies in foreign countries and also the research funds for the students as well as staff. The Wi-Fi-enabled campuses provide blended learning. Faculty attends and participates in e-learning resources like seminars, conferences, lectures, and workshops. The online and offline teaching and learning processes are done at each departmental level. However, research culture need to be improved | | | | | | |

Soft skills and employability skills programs conducted for students. Feedback system exists, however need to be strenghtened. Faculty shall write research proposals for funding. Participation in sports and cultural activities is good. The International Relation Cell is activated in the institute in which the Dean IRC takes care of employment of students & higher studies in foreign countries and also the research funds for the students as well as staff. The student survey is conducted, and their suggestions are taken into consideration for overall institutional performance. Teachers use online resources such as Swayam, NPTEL, etc. The Wi-Fi-enabled campuses provide blended learning. Faculty attends and participates in e-learning resources like seminars, conferences, lectures, and workshops. The online and offline teaching and learning processes are done at each departmental level. However, research culture need to be improved |

Event: IGTR, Aurangabad Industrial Visit

Date:- 05/12/2022

Time : 10.00 am to 3.30 pm

Department:- Mechanical Engineering

Name of Coordinator:- Prof. A. B. Gadekar & Prof. A. A. Gawali

Topic/Subject of Activity:- IGTR, Aurangabad Industrial Visit.

Recourse Person : Name: A. B. Deshmukh,

Designation_ - Engineer Training,

Organization name: IGTR Aurangabad,

Mobile number: 9665162441

Participants:- B. Tech Final Year students (No of Beneficiary: 25)

Venue:- IGTR, MIDC, Chikalthana, Aurangabad

Objectives:

1. To demonstrate of production machinery and advance training set up available in IGTR
2. To demonstrate the Skill Based Training modules and softwares available in IGTR.

Abstract: Indo German Tool Room, Aurangabad, is an institute organizing skill based training modules and software training to various Technical persons enhancing their knowledge and technological soundness by imparting advanced and practical based training. This ensures the technological up gradation of students and technocrats who are opting and undergoing these training modules. This Industrial visit has been arranged to fulfill the above said objectives and to enhance the knowledge of out B. Techn Final year students. This has given them opportunity and a way to enhance their existing knowledge with this visit undergone. This visit has been important to achieve above said objectives.

Snapshots of the Program:

2022-2023

Outcomes:

1. The advanced and conventional machines have been seen with actual production demonstration of the machineries.
2. The demonstration for Skill Based Training modules and softwares available in IGTR, has been carried out by resource persons at the IGTR.

Abstract: Indo German Tool Room (IGTR) an ISO 9001:2000, ISO 14001:2004 is a centre which nurtures excellence and provides total tooling & training solutions. IGTR is concentrating on an integrated development of the related segments of the industry by way of providing International Quality Tools, Trained Personnel., Consultancy In Tooling & Related Areas & is constantly crossing new frontiers in quest for excellence & beyond. The Organization implements its programme of technical training through its Training Center located at Aurangabad and sub centers at Pune, Mumbai & Nagpur. State of-the-art Tool Room facilities under single roof has wide spectrums of sophisticated Machines include latest & advanced CNC Lathe, Milling, EDM & Wire Cut machines, which can cater to various requirements of the customers. Modern Tool Room Facilities are indispensable for the industrial development of the Country & properly trained manpower is an asset to the nation. It has achieved international recognition also by providing continuous training courses in Tool Design & Die manufacturing technology to the trainees of South Africa, Sri Lanka , Saudi Arabia sponsored by respective state governments agencies & industrial associations.

Event: Two Weeks workshop on "AUTOCAD & FUSION 360"

Date:- 6th Feb.-18th Feb. 2023,

Time : Morning 9:00-10:30 AM

Department:- Mechanical and Automation Engineering

Name of Coordinator:- Prof. P.L. Pandit

Topic/Subject of Activity:- AUTOCAD & FUSION 360

Recourse Person : Sahil Nagate Sir, M.E.in Mechanical Engineering

Participants:-12

Venue:- Auto Cad / Cam Lab of Engineering

**Objectives:**

The objective of this short-term program is to introduce second year engineering students in Mechanical and Automation department of P.E.S. College of Engineering to Auto Cad Fusion 360 software.

The program will cover the basics of the software, including how to create 2D and 3D models, and how to use the software for engineering design.

Abstract:

Auto Cad Fusion 360 is a powerful 3D CAD software that can be used for a variety of engineering design applications. It is a cloud-based software that allows users to access their files from anywhere. Fusion 360 offers a wide range of features, including 2D and 3D modeling, CAM, CAE, and PCB design. It also includes a number of tools for simulation, analysis, and collaboration.

Introduction to Auto Cad Fusion 360

2D modeling

3D modeling

The program will be taught by experienced engineers who will provide students with hands-on training. Students will have the opportunity to use the software to create their own projects.

Snapshots of the Program:

Outcomes:

The outcome of this short-term program is that students will be able to use Auto Cad Fusion 360 software to create 2D and 3D models, and to use the software for engineering design. Students will also be able to apply the skills they learned in the program to their future engineering careers.

In addition to the above, the program will also help students to:

Develop their problem-solving skills

Improve their teamwork skills

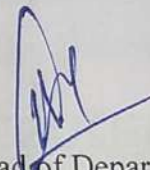

Learn how to use modern CAD software

Gain hands-on experience in engineering design.

Objectives: The objective of the FY INDUCTION PROGRAM ORGANIZED in mechanical & automation department is to orient the new students to the department and its facilities, and to provide them with the information they need to succeed in their studies

Abstract: The FY B.Tech Induction Program in mechanical & automation department will be a one event that will be held at the beginning of the academic year. The event will be open to all new students who have been admitted to the department.

The first half day session of the event will focus on orientation. Students will learn about the department's history, its faculty and staff, and its facilities. They will also have the opportunity to meet other students and to get involved in student organizations.

The second half day of the event will focus on academic preparation. Students will learn about the department's academic requirements, and they will have the opportunity to meet with their academic advisors.

The event is designed to help students succeed in their academic and professional careers.

Here are some of the specific activities that will be included in the FY INDUCTION PROGRAM ORGANIZED in mechanical & automation department:

Welcome address by the department head

Overview of the department's history, faculty, and staff

Tour of the department's facilities Information session on academic requirements

Opportunity to meet with academic advisors

Opportunity to get involved in student organizations

Snaps of the Program:

2022-2023

Outcomes:

Students will be better informed about the department and its facilities

Students will learn about the department's academic requirements and how to meet them

Event: One day Workshop on Introduction to Robotics for Techfest Competition IIT, Mumbai

Date:- 23/09/2022

Time:- 10:30-12:30

Department:- Mechanical Department

Name of Coordinator:- Dr.R.G.Pungle

Topic/Subject of Activity:-

Recourse Person: Name , designation, organization name, mobile number, mail id

Participants:- 23

Venue:- Mechanical Department Hall

Objectives:

Introduce students to the basics of robotics.

Provide students with the skills and knowledge they need to participate in the Techfest robotics competition.

Inspire students to pursue a career in robotics.

Abstract:

Sure, here is an essay abstract for a one-day webinar on the Introduction to Robotics for Techfest Competition IIT, Mumbai:

Robotics is a rapidly growing field with applications in a wide range of industries, from manufacturing to healthcare. The field is also becoming increasingly accessible to students, thanks to the availability of affordable robotics kits and software.

The Techfest competition at IIT, Mumbai is a great opportunity for students to learn about robotics and to compete against other students from around the country. The competition is open to students of all levels, from beginners to experienced robotics engineers.

The one-day webinar on Introduction to Robotics for Techfest Competition IIT, Mumbai will provide students with the skills and knowledge they need to participate in the competition.

Snapshots of the Program:

2022-2023

Outcomes:

Students will be able to understand the basics of robotics.

Students will be able to build a simple robot.

Venue:- Mechanical Department Hall

Objectives: The objective of the Engineering Day Celebration is to commemorate the birth anniversary of Bharat Ratna Mokshagundam Visvesvaraya, India's most prominent engineer, and to celebrate the achievements of engineers in India and around the world. Celebrate the achievements of engineers and their contributions to society., Inspire students to pursue careers in engineering., Promote the importance of engineering education.

Abstract:

The Engineering Day Celebration at P.E.S. College of Engineering is a day-long event that celebrates the achievements of engineers in India and around the world. The event is held on the birth anniversary of Bharat Ratna Mokshagundam Visvesvaraya, India's most prominent engineer.

The event features a variety of activities, including a keynote address by a distinguished engineer, a panel discussion on the future of engineering, a career fair for engineering students, a showcase of engineering projects by students, and a cultural program. The event is open to the public and is free to attend.

The Engineering Day Celebration is a great opportunity to learn about the latest trends in engineering, network with other engineers, and celebrate the achievements of engineers in India and around the world.

Here are some additional details about the event:

2022-2023

The keynote address will be given by a College Principal, Dr M.M. Dhobe and Dr. R.G.Pungle who will share their insights on the future of engineering.

The showcase of engineering projects will give students the opportunity to display their work to the public.

Snaps of the Program:

Outcomes: Increase awareness of the engineering profession.

Motivate students to study engineering.

Connect engineers with students.

Department:- Mechanical Engineering Department

Name of Coordinator:- Dr. R.G.Pungle

Topic/Subject of Activity:-

Recourse Person : Saurabh Bansod, working in the skilling arm of Ministry of Electronics and Information Technology, Govt. of India. Actively involved in teaching AI and Robotic Process Automation.

Participants:- Mechanical Students

Venue:- Mechanical Seminar Hall

Objectives: To provide mechanical students with information about the career opportunities available in NILITE.

To cover a range of topics, including the different courses and programs offered by NILITE, the job prospects for graduates of NILITE, and the steps that students can take to prepare for a career in NILITE

Abstract: NILITE stands for National Institute of Electronics and Information Technology. NIELIT is actively engaged in the development of industry-oriented quality education and training, and is the country's premier institution for examination and certification in the field of Information, Electronics and Communications Technology (IECT).

NIELITE offers a wide range of courses and programs in the field of IETC, including diploma, undergraduate, postgraduate, and doctoral programs. NIELIT also offers a number of short-term training programs.

The job prospects for graduates of NILITE are excellent. NIELITE graduates are in high demand by the IT and electronics industries. Graduates of NIELITE can find employment in a variety of fields, including software development, hardware design, networking, and IT security.

2022-2023

Snapshots of the Program:

Outcomes:

- Students will be able to identify the different career options available in IETC.
- Students will be able to understand the requirements for pursuing a career in IETC.
- Students will be able to develop a plan to prepare for a career in IETC.

The seminar will cover a range of topics, including the different types of drafting and design software, the job prospects for graduates with experience in drafting and design software, and the steps that students can take to prepare for a career in drafting and design software.

Abstract:

Drafting and design software is a critical tool for mechanical engineers. It is used to create 2D and 3D models of products, which can then be used for analysis, manufacturing, and marketing. The demand for drafting and design software skills is growing, as more and more companies are using this technology to improve their products and processes.

There are a variety of drafting and design software programs available, each with its own strengths and weaknesses. Some of the most popular programs include AutoCAD, Solid Works, and Autodesk Inventor. Students who are interested in a career in drafting and design software should learn how to use at least one of these programs.

The job prospects for graduates with experience in drafting and design software are excellent. Graduates with these skills can find employment in a variety of industries,

including manufacturing, engineering, and architecture. They can also find employment in consulting firms, where they can help other companies to improve their drafting and design processes.

Snapshots of the Program:

2022-2023

Outcomes:

Students will be able to learn about the different career opportunities available to them in the field of drafting and design.

Students will be able to learn about the different drafting and design software that is available and how to use it.

Students will be able to develop their skills in drafting and design through hands-on exercises.

Students will be able to network with other students and professionals in the field of drafting and design.

Venue:- Training and Placement seminar Hall , P.E.S. College of Engineering, Aurangabad

Objectives: To guide students about how to get an opportunity where they can make the best of their potential and contribute to the organization's growth. Seeking a position in a company where they can launch their career and build a valuable skill set.

Abstract: A seminar on 'Carrier Opportunities in Industries" for women was organised by the women's cell of P.E.S. College of Engineering, Aurangabad. Training and development, career planning, and employee involvement are essential components of the human resource management of the organisation for its effective functioning and to achieve predetermined objectives. The objective of the organisation is not only to select the right people for the right job but also to encourage them to make the best use of their efficiency and effort for the betterment of the organisation. Human resources are said to be dynamic resources, and the successful functioning of the organisation depends on the attitude, behaviour, and performance of the employees.

The guest, Mrs. Swati Satish Kumar, had guided girls and ladies faculties about their company, Caterpillar. This seminar is precisely deliberate and contributes to the understanding of a wide span of issues, particularly focusing on the company management, their experience, and the company environment. The guests, Monika, Ms. Satote, and Ms. Rakhi Kumari, have briefly explained the importance of quality management systems (QMS) for a collection of processes used by businesses to help increase productivity, improve customer service, and reduce waste.

The guest, Ms. Aishwarya Ambhorkar, shared her experience as GET, then Ms. Rijwana Jamadar gave a brief idea about logistics management and supply chain management, then Ms. Ashwini Mathpati explained the role of product engineering, Ms. Nandini Bijwe gave a briefing about production environments, then Ms. Aditi Neralkar explained logistics management, then Mrs. Shraddha Agrawal guided the students about how they are balancing their work life as well as their personal lives, and then Mrs. Snehal Davkare shed some light on the benefits of financial independence that they have experienced after their job. Students have thoroughly enjoyed the programme and gained some valuable information regarding the company and their experience.

Snap of the Program:

Outcomes:

The guest Mrs. Swati Satish Kumar and their colleague had guided girls and ladies faculties about the Carrier Opportunities in Industries. This seminar precisely deliberate and contribute to the understanding of a wide span of issues particularly focusing on the women's carrier. This seminar will definitely help students identify their interests and strengths; expose them to a diverse range of opportunities to build experience and clarity about their goals; and empower them to pursue internships, jobs and leadership experiences they find personally meaningful.

REPORT-5**Event: Workshop on Yoga Day****Date:-** 20-06-2023**Time:-** 4.00 pm to 6.00 pm**Department:-** Women Cells**Name of Coordinator:-****Topic/Subject of Activity:-** Workshop on Yoga Day**Resource Person :** Dr. Smita Dixit**Participants:-** Girls Students and Ladies Staff**Venue:-** Vaishali Girls Hostel, P.E.S. College of Engineering, Aurangabad**Objectives:**

The objective of this workshop is to promote the many benefits of practicing yoga among the girl students and ladies staff members. In 2014, Indian Prime Minister Narendra Modi proposed the idea of observing this day on June 21 during his address to the 69th session of the UN General Assembly.

Abstract :

Women cell of P.E.S. College of Engineering, Aurangabad has organised Yoga workshop. Yoga is an ancient physical, mental and spiritual practice that originated in India. The word 'yoga' derives from Sanskrit and means to join or to unite, symbolizing the union of body and consciousness. For this workshop the resource person was Dr. Smita Dixit, who is working as assistant professor in Vivekanand Arts, Sardar Dalipsingh Commerce and Science College Aurangabad as well as Certified Yoga trainer. She explained the importance of Yoga in the life of youngsters. She explained that regular practice of Yoga will help the students achieve better mental and physical health. Dr. Smita started Yoga demonstrations with the Yoga prayer. After which a few warm up and simple Asanas were performed by the girls and the teachers enthusiastically and the importance of these Asanas was explained simultaneously by Smt. Smita.

Snap of the program :

The function ended with a vote of thanks by Dr. Asha Tupe. The function was organized by Dr. Asha Tupe and Prof. Vijaya Kamble along with all the Professors and office staff who put in a lot of effort to make the function a success.

Outcomes: students and staff understand the importance of physical and mental diseases and its solutions through practicing yoga. Girls were notice that Yoga is an invaluable gift from our ancient tradition. Yoga embodies unity of mind and body, thought and action a holistic approach [that] is valuable to our health and our well-being.

Tree Plantation Event

Event Title: Tree Plantation Drive

Date: June 15, 2022

Location: PES Engineering College, Aurangabad

Organized by: NSS PES Engineering College, Aurangabad

Participants: NSS Students, Faculty, and Staff

1. Introduction

The Tree Plantation Drive at PES Engineering College, Aurangabad, was organized as part of our commitment to environmental sustainability and to contribute to the global effort against climate change. This event aimed to enhance the green cover of our campus and promote the importance of trees in our ecosystem.

2. Objectives

- To increase green cover on the PES Engineering College campus.
- To raise awareness among students and staff about environmental conservation.
- To contribute to the local biodiversity and create a healthier campus environment.

3. Event Details

Preparation:

Prior to the event, the campus grounds were assessed to identify suitable locations for planting. Saplings of various species were selected, considering their suitability for the local climate and soil conditions.

Schedule:

- **09:00 AM:** Gathering and Registration
- **09:30 AM:** Welcome Speech by the Principal
- **10:00 AM:** Distribution of Saplings and Planting Kits
- **10:30 AM - 12:00 PM:** Planting Activity
- **12:00 PM:** Refreshments and Closing Remarks

Activities:

Participants were briefed on the importance of tree planting and proper planting techniques. Each participant was provided with a sapling and necessary tools, including gloves and trowels. The planting took place in designated areas around the campus.

4. Outcomes

- **Number of Trees Planted:** 50 saplings
- **Species Planted:** Neem, Banyan, Peepal, and Gulmohar
- **Areas Covered:** Hostels, adjacent open spaces, and along pathways

Benefits Observed:

- Enhanced aesthetic appeal of the campus environment.

- Improved air quality and potential for increased biodiversity.
- Fostered a sense of environmental responsibility among participants.

5. Feedback

Participants expressed enthusiasm for the event and a greater understanding of the environmental impact of their efforts. Many highlighted the event as an excellent opportunity for hands-on learning about environmental conservation.

6. Conclusion

The Tree Plantation Drive at PES Engineering College was a successful initiative that achieved its objectives of increasing green cover and raising environmental awareness. The participation and enthusiasm displayed by the students and staff reflect a positive commitment to sustainability.
