Passing Percentage of Students

This is to certify that since 2015-16, the result sheet is not being published by the affiliating universities. Instead, the university is providing the result to the individual candidate and the scanned copies of all the mark-sheets are available with us. The size of this folder is too large and hence cannot be uploaded.

From the mark-sheets of the students, we calculate the percentage of passing; the certified reports of five years are attached herewith
